

# How To Purchase Accessible Seating

## 1. Select your event on Ticketmaster.com

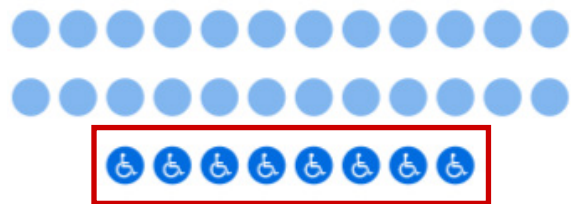

When selecting seats, select the  button on the screen.

## 2. Toggle "Accessibility"

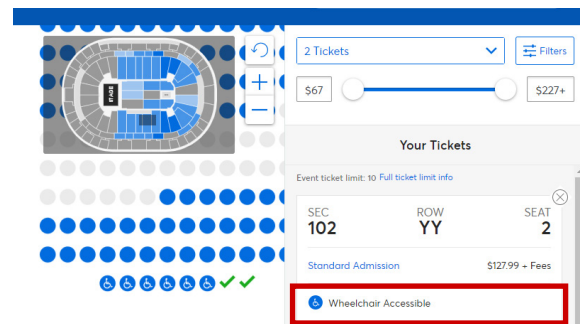

Select "Accessibility" and then select the appropriate box.

## 3. View Accessible Seats

After the filters are toggled you'll be able to view available accessible seating. Available accessible seats will be highlighted in dark blue with the wheelchair symbol shown above.

## 4. Select Your Accessible Seats

After you've selected your seats, you can confirm that you've chosen accessible seating if you see the  Wheelchair Accessible icon shown in your ticket preview to the right under your ticket location description.

All of our accessible seating have folding removable chairs. Ushers can help move the chairs for wheelchairs to take their place.
